Houston Progressive Radiology Associates (HPRA) Announces Agreement with South Texas Medical Clinics

February 19, 2013 – Houston, Texas: Houston Progressive Radiology Associates (HPRA) today announced that it has reached an agreement with South Texas Medical Clinics (STMC) to provide diagnostic interpretation services for all radiology studies conducted at each of STMC's five locations.

STMC, part of the prestigious Memorial Hermann Medical Group, operates clinics in five cities in south Texas: Bay City, Needville, El Campo, Rosenberg, and Wharton. The agreement expands HPRA's presence in south Texas, specifically Matagorda, Fort Bend, and Wharton counties. HPRA began providing services for STMC on January 2, 2013.

"We are excited to bring our ongoing commitment to multimodality, state-of-the-art imaging and diagnostic expertise to additional cities and rural areas in south Texas," said Dr. Rodolfo Garcia, President of HPRA. "South Texas Medical Clinics have a long history of offering outstanding quality care to their patients, and we look forward to being part of their team."

About Houston Progressive Radiology Associates (HPRA)

HPRA is a private radiology group, headquartered in Houston, Texas, offering highly specialized experience in every facet of radiology, utilizing current and progressive protocols with the most innovative techniques for diagnostic imaging and therapeutic intervention. HPRA's motivated, innovative radiologists are board-certified, fellowship-trained sub-specialists with experience at the world's best training programs and universities. HPRA provides professional radiology and teleradiology services throughout the Greater Houston area and across the Lone Star State. Our radiologists are sub-specialty-trained in interventional radiology, diagnostic neuroradiology, body imaging, musculoskeletal imaging, women's imaging, and nuclear medicine.
